

Do You Believe in Magic?

At Green Elementary, we do!

Dear Green Families,

I hope that everyone has had an enjoyable summer with a chance to sharpen your saw! Our staff has been hard at work preparing some magical experiences for our students to kick off the 2018-19 school year. We are all looking forward to the chance to reconnect with students and families and to get the new school year underway!

Our school is a Leader in Me school where we work to develop the whole child, focusing on both leading and achieving. We know that magic lies within each child and believe that learning the 7 Habits of Happy Kids can help students to capitalize on their strengths, learn how to face challenges and effectively interact with others. Our mission is to educate and empower today's students to be able to lead and achieve in tomorrow's world- a statement that directs what we do at our school everyday!

This year, our annual Open House theme is Magic! We are challenging all student leaders to do the world a favor and not hide their magic. Join us on Monday, August 20th from 4-6pm to meet our staff, learn about school programs and local organizations and participate in our annual student scavenger hunt to be entered in a drawing for some magical gifts on the first day of school!

The first day for all K-4 students will be 8/23/18 with preschool starting the week after. I am looking forward to seeing you at Open House and working with you throughout the school year!

Ms. Rebecca Osburn, Principal
