

Be a LEARNER. Be a LEADER. Become a LEGEND!

Dear Green Students and Families,

The staff of Green Elementary hopes that you have enjoyed your summer and are getting excited for the 2017-18 school year! We have been hard at work making plans for what we hope will be a LEGENDARY year for our school filled with learning, leading and lots of fun! All of us look forward to reconnecting with returning students and getting to know those who are new to our building.

As most of you know, we are a Leader in Me school where we EDUCATE and EMPOWER students so they can LEAD & ACHIEVE in school and the world at large. We use the 7 Habits in order to build a community where staff and students work side by side to make our school a great place to lead and learn. We are so very excited to announce that our school was able to receive certification as a Leader in Me Lighthouse School! We are only the 7th in the state of Ohio to receive this distinction and this certification is a direct reflection of the hard work of the Green Elementary school community. We look forward to continuing to grow and refine our implementation of the 7 Habits, as well as, the learning and leadership opportunities we offer students each day.

This year our opening theme is Becoming a Legend! In our vision, every student has the capability to be legendary. A legend can be defined as “an extremely famous or notorious person, especially in a particular field” with synonyms being: celebrity, star, superstar, icon, phenomenon, luminary or leading light. We want every child to be a superstar and leading light in their own way and pledge to help them grown in this endeavor throughout the school year.

**Looking forward to a LEGENDARY year ahead!
Mrs. Osburn, Principal**

**The
Leader in Me™**
great happens here
